WHY WE NEED YOU

EVERY CLOSE PLAY NEEDS A SIGHTED CALL

Batters and fielders play blindfolded — that's what makes it fair. But someone still has to trigger the bases, help make the calls, and support play in the field. That's where you come in.

We need **base operators** to turn on either first base or third when the batter hits the ball. **Base volunteers** watch to ensure the runner touches the base. **Field volunteers** signal when a fielder has picked up the ball.

Shifts run Monday, August 3 through Saturday, August 8 at Stuart Sports Complex. Sign up for one game or the whole week — every hour helps.
